**Notes:**

These are our own personal family reading selections. We own a lot of books, but it is not necessary for you to purchase or even use any of these books! Instead, just use your local library and select whatever books you'd like (or refer to our list of free resources to find free American biographies and literature)! This is only our plan; we may not complete our reading selections and will adjust the plan as needed. For 50 states, Presidents, American Artwork, etc., use any reference book.
