

CAN OF WIGGLY WORMS

Memory Work Review

Games by Brandy Ferrell

Can of Wiggly Worms

Set-up: Print and laminate. Cut along solid lines. Glue each subject/worm to the end of a popsicle stick and place upside down in a coffee or tin can. (Print more than one copy for several more popsicle sticks if desired.)

Instructions: Students sit in a circle with can in the middle. At a turn, the student pulls a stick out of the can. If they get a subject, the entire class answers the question together for that subject. If they get a worm, every student stands up and wiggles like a worm. (Also can be played so that student has to answer question individually.) Return the subjects back to the can after each turn unless the previous six weeks' memory work has been completed for that subject.

Teaching cursive handwriting?

Script-n-Scribe Roller Coaster Writer is an introductory program for learning phonograms by sight and dictation while also learning how to form cursive letters. It begins with large motor skills to help young children learn to write.

For connecting letters into words and sentences - and for practice with tricky letter combinations - take a look at **Script-n-Scribe Letter Connector**. Read more about these products and view additional images and Montessori-style products on our website.

Mission: Great CommissionTM Curriculum

Explore the ongoing fulfillment of the Great Commission through our missions-focused curriculum that explores social studies and science, integrating the study of scripture, history, geography, cultures, missions, hymns, and fine arts. Written for families with students in Grades 2-8 (and beyond), each program within our **Mission: Great CommissionTM series** provides a full year of social studies, science, and fine arts with a focus on how God has worked through creation and through people who were willing to follow His call.

- **Mission: World Wonders** explores ancient to medieval history along with world cultures, religions, and missions (along with fine arts, biology, and earth science). Corresponds with Cycle 1.
- **Mission: Faith Forgers** provides an overview of church history in the midst of world history from the protestant reformation through modern times (along with fine arts, astronomy, and physical science). Corresponds with Cycle 2.
- **Mission: Lasting Liberty** focuses on the history and geography of the United States of America (along with fine arts, anatomy, and chemistry). Corresponds with Cycle 3.
