## ABOUT THIS TIMELINE...

This record of time will provide you with a visual representation of events and people across the centuries. We recommend printing these pages on cardstock and either binding or hole punching them to include in a 3-ring binder. To print this document to be hole-punched or bound on the short edge, ensure that you have selected short-edge binding in the print settings. Lines are provided in this timeline notebook to aid in the alignment of handwriting, sketching, and/or pasting timeline figures. This timeline is divided into time periods as follows:

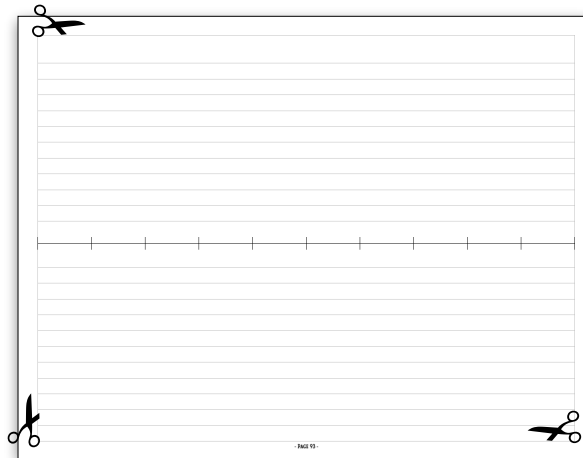

- **Before 4250 BC:** User's choice. Label as needed or desired.
- **4250 BC - 1500 BC:** 500 years per page (with tick marks in 50 year increments)
- **1500 BC - 750 BC:** 250 years per page (with tick marks in 25 year increments)
- **750 BC - AD 1750:** 50 years per page (with tick marks in 5 year increments)
- **AD 1750 - AD 2030:** 10 years per page (with tick marks in 1 year increments)

Because dating methods vary widely for ancient events, the first few pages of the timeline notebook do not include labeled years to provide families flexibility in labeling according to their preferred date. A blank timeline page is included at the end of this notebook to provide additional pages to insert into the notebook as needed.

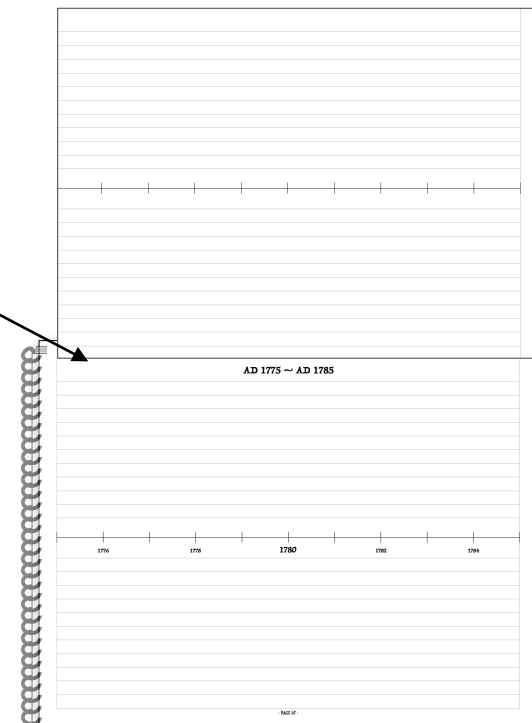

## EXPANDABLE TIMELINE: INSERTING AN ADDITIONAL TIMELINE PAGE

When a timeline page has been filled, you can expand the timeline by printing or copying the final page in this document, trimming along the bottom, left, and top edge of the lined area (#1), and taping the edge of the page to the top or bottom of the page you need to expand (#2). The inserted page can then be folded over (#3) and taped along the same edge on the reverse side to secure it in place.

#1: Trim along bottom, left, and top edge of lined area.

#2: Tape.

#3: Fold.
