Historical Timeline Figures

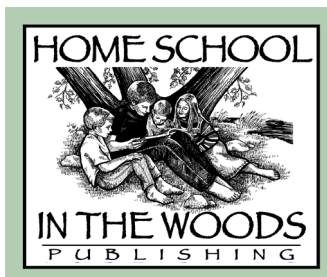

WITH

*"The Story of the World"*

At *Home School in the Woods*, we've been asked for many years how our **Collection of Historical Timeline Figures** could match up with the reading text, ***The Story of the World***.

Although we offer many figures that can align, this list is not exhaustive. Contained are particular people or events that are specifically called out, however if you look through the remaining figures we offer, there will be others that pertain to a subject or topic that may not have been specifically mentioned in the reading material. That said, there are a small handful of extra figures that we felt would closely relate, which we have noted with a single asterisk\*. You may wish to read the text descriptions of other figures surrounding the topic to see if you would like to add them to your timeline as well.

## Matching “History through the Ages Historical Timeline Figures” with *The Story of the World*

This chart calls out the figure and which particular set it is in (and its page number) as follows:

“C” - *Creation to Christ* / “R” - *Resurrection to Revolution* / “N” - *Napoleon to Now* /  
 “A” - *America’s History* / “B” - *Bonus Figures* (included in the *Collection of Historical Timeline Figures*) /  
 “AOP1” - *Add-on Pak-1* / “AOP2” - *Add-on Pak-2* / “AOP3” - *Add-on Pak-3* (additional figures located on our website)

You will find all four world and American history sets as well as the “Bonus Figures” in our popular ***HISTORY Through the Ages Collection of Historical Timeline Figures***, containing 1,263 images in the collection.

Over the last few years we have added three ***Add-on Paks*** to our website—an additional 181 figures bringing the total to 1,444 images in our library of timeline figures, many of which are mentioned in this list.

**NOTE:** Figures listed in *oblique text* with a double asterisk \*\* mean that they were called out in a previous volume.
